

FESS ATTACKS BORAH; CHARGES 'DOUBLE CROSS'

Party Whip Declares 'Pseudo-Republicans' Went Back on Trade for Extra Session.

NYE, BROOKHART ALSO UNDER FIRE

Debutante Vote Basis of Fiery Assault by Hoover's Leader on Floor of Senate.

Washington, May 9.—(AP)—Animosities in the senate republican ranks over the break on President Hoover's farm program flared forth today in almost unprecedented exchanges between Senator Fess, the party whip, and three supporters of the export debenture plan approved yesterday by the senate whom he had described as "pseudo-republicans."

Senator Fess made public a letter he had written to an Ohio friend in which he complained that the president "had been led through Senator Borah and other pseudo-republicans to promise a special session upon the representation that such a promise would bring these republicans to the president's program."

Others Mentioned. He also mentioned Senators Nye, North Dakota, and Brookhart, Iowa, among those who had urged the extra session on the president.

All three senators quickly took notice of the Fess letter in statements, declaring they had no apologies to make for joining with the democrats for the export debenture plan. Just how wide or permanent the breach in the republican ranks would be in view of the bitter reactions was a matter of speculation tonight.

Senator Borah said he had supported Mr. Hoover "sincerely" in the national campaign and added that he "did not get the idea that I was to be deprived ever afterward of voting upon public measures in accordance with my own views."

Senator Nye remarked that "some day Ohio republicans will learn that North Dakota republicans are striving to hew a little closer to the line laid down by Lincoln than the case in Ohio, and with that realization will come new life for a party that has been growing so stale that it forgets that people can make and break parties."

Senator Brookhart said "No standpoint like Senator Fess can be my example of republicanism."

Senator Fess, writing to Marshall Slesper, of Toledo, expressed concern over the "break" in the party lines against the Hoover farm stand, declaring:

"It means ultimately a complete coalition between the democrats and insurgents and a consequent arrest of the administration's policies. It also means the first break, which is the hardest, and which will be succeeded by many that will not be so difficult, but more disastrous to the administration. It also means that we are in session for all summer, if not all year."

Supported Debutante. "Senator Borah, the one person responsible for the special session," continued the Ohioan, "refused to go along with the president and supported the debenture, against which the president had written a letter to the chairman of the committee."

"Senator Nye, another who had sought the president's promise for a special session, went against the president."

"Senator Brookhart, who had done much valiant service for the president in the campaign, early broke away from the president and became his most bitter critic on the floor of the senate."

Disrespect for Law Scored in Address By Gov. Roosevelt

WIFE IS REFUSED RIGHT TO TESTIFY IN WALKER TRIAL

Ex-Banker Also Is Silent After Mate Is Disqualified as Witness Under Old Law.

Macon, Ga., May 9.—(AP)—Mrs. Adah P. Walker, the former Mrs. John Stewart, of Athens, who in 1917 eloped with John D. Walker, former financial and political power in Georgia, was not allowed to testify tonight in the trial of the latter on a charge of embezzlement, said to have been committed 14 years ago.

Mrs. Walker was offered as a witness by Wallace Miller, leading counsel for the defense. United States Attorney W. A. Boodle objected immediately, and made it an issue for the court to decide. Mr. Boodle's objection, he said, was based on an old law which disqualifies a wife from testifying against her husband.

Mr. Miller, arguing the point, said he wanted Mrs. Walker to testify regarding her knowledge of affairs before she became the legal wife of Walker, nearly two years after their elopement. Judge Alexander Akerman based his ruling, he said, on that of "confidential communication," and the "common law marriage."

Walker made no statement to the jury. Arguments of counsel will begin at 9 o'clock Friday morning, and the case is expected to go to the jury in the early afternoon. The defense closed at 9 o'clock tonight, and the government offered nothing in rebuttal.

John D. Walker, Jr., and Sam H. Wiley, of the defense counsel, were the only other witnesses placed on the stand tonight, both testified having seen Walker in San Antonio in 1921, but neither said he knew where the banker went from that place.

Dr. John S. Jenkins, presiding elder of the South Atlantic circuit of the North Georgia Methodist conference, testified for the defense as Walker's former pastor and intimate friend.

Lineman Touches High-Tension Wire, Instantly Killed

Touching a high-tension wire while engaged in repairing the company's lines on the Central of Georgia railway right-of-way near Hapeville, about 4 o'clock Thursday afternoon, a lineman for the Western Union Telegraph Company, was almost instantly killed.

Dr. John S. Jenkins, presiding elder of the South Atlantic circuit of the North Georgia Methodist conference, testified for the defense as Walker's former pastor and intimate friend.

Funeral arrangements will be announced later by A. C. Hemperly & Son.

Declaring that the profession of law and the administration of justice was not keeping in step with the rapidly changing condition of civilization, Governor Franklin D. Roosevelt, of New York, addressing the annual meeting of the Atlanta Bar Association at the Capital City Country Club Thursday night, urged a tightening of the existing methods of administering justice both in policing the nation and dealing with apprehended criminals, together with a thorough study of the entire question of jurisprudence by the individual states.

Governor Roosevelt's speech and the annual election of officers were the two principal features of the annual gathering. Sanders McDaniel was named president, D. Thomson vice president and William Matthews re-elected secretary and treasurer.

HELEN WILLS WINS HEART OF ENGLAND AT ROYAL COURT

Shares Spotlight With Queen—Two Atlantans To Be Presented at Palace Tonight.

BY STEWART BROWN, United News Staff Correspondent.

London, May 9.—Queen Mary held the first court of the season at Buckingham palace tonight, alone on the golden throne as she received 500 guests amid a brilliant assemblage of the palace and thrilled as only a queen could be. Miss Helen Wills, famous California tennis star, who was one of the eight United States debutantes presented to the queen tonight, easily was the outstanding guest at the colorful pageant.

Miss Adeline Winston, formerly of Atlanta, and Miss Catherine Norcross, daughter of the late Mr. and Mrs. Paul Norcross, are among the Americans presented at Buckingham palace tonight. Miss Winston is the beautiful young daughter of Colonel and Mrs. W. R. Sample and at present resides at Governors Island, N. Y., where the colonel is stationed. She and Miss Norcross are prominent in Atlanta society.

Almost mobbed by the crowds which rushed her automobile at the gates of the palace and thrilled as only a queen who is presented at court may be, Miss Wills retained the world-famous calm which has characterized her career and added to her fame at the "gold court" at Buckingham palace.

Even the London newspapers found her amazing self-control worthy of comment and the Daily Express tomorrow morning will say: "The crowd greeted this girl whose beauty has become almost legendary with a gasp of hysterical applause. She displayed a calm which exhibited more self-control or indifference to publicity."

The newspaper's correspondent said Miss Wills held an "unofficial court" on the Mall while waiting to enter the palace for her presentation to Queen Mary.

Court Sets Precedent. The queen holding the first court at which the king of England has not been present since the reign of Queen Victoria, was the central figure in the brilliant, royal scene. Recognized as probably the most regal reigning queen in Europe, she smilingly acknowledged the curtesies of the debutantes presented before the assembled court.

The United States debutantes were greatly impressed by the royal bearing of Queen Mary and by her wonderful gown. The gown had an iridescent tissue over dress of pastel shades and the entire gown was lined with white gold mesh. The queen wore a diamond and pearl diadem and ropes of pearls and diamonds. The family order of the Garter and the family order glittered on her breast.

The royal family stood slightly to the rear of the throne, facing the colorful crowd in the throne room, which was decorated with masses of red and white flowers, white and pink. The Prince of Wales, in the splendid uniform of colonel of the Welsh guards, took his place with other members of the family after attending his mother when she walked to the throne.

George, Prince of Wales, wearing a white dress embroidered with diamonds and pearls; Viscount Lancelotti, Princess Louise, Princess Helena Victoria and Princess Marie Louise were in the royal family group.

Long Ceremony. The ceremonies lasted nearly two hours. Although the heir to the throne had accompanied his mother to her place, the debutantes did not bow to him. The attention given Miss Wills continued after the presentation. She gracefully performed the required court ceremony, walking alone across the crowded room—center of all eyes—cutting to the queen, whose smiling recognition had been warm because she had been attracted by the California star's playing on the Wimbledon tennis courts in the past.

In addition to the flurry she caused in the throne room, Miss Wills was besieged by hundreds of cameramen outside the door of her limousine and faced the battery of cameras. Even then "Little Poker Face" retained the famous coolness of the tennis courts.

LOUISIANA'S U. D. C. OPPOSES SCHOOLS HONORING LINCOLN

New Orleans, May 9.—(AP)—The Louisiana Division, United Daughters of the Confederacy, in session here today asked mothers who are members of the organization to discourage their children in the schools from observing Abraham Lincoln's birthday.

The action came after a lengthy discussion among members on a resolution sponsored by Mrs. Jefferson Davis Weir, of New Orleans, which declared the birthday of Abraham Lincoln a day of mourning for the thousands of slaves who were freed by the war. The resolution was adopted by a vote of 10 to 2.

John Gilbert, Filmboy's Idol, Weds Ina Claire

CEREMONY ENDS THREE-WEEK COURTSHIP

Las Vegas, Nev., May 9.—(AP)—John Gilbert, beau idol of the films, and Ina Claire, another cinema artist wife. Then the bride and groom embraced. It was just three weeks ago that they were married after a hurried trip from Hollywood in a special car, accompanied by several friends.

The wedding was performed by Justice of the Peace Roger Foley. The ceremony was witnessed by a colorful group of cowboys, real estate agents, business men and women of almost all ages in a desert setting, comparable to scenes in many of the films that marked Gilbert's trail to fame. There were many sighs and "ah's" as the justice uttered in a deep bass the words, "I pronounce you man and wife."

STUDENT KILLING FLAYED BY BRAND

Georgian Declares Law Does Not Give Agents Right To 'Murder' Men Being Pursued.

BY GLADSTONE WILLIAMS. Washington, May 9.—Representative Charles H. Brand, of Georgia, plunged the lower house into another fiery discussion today by bitterly condemning the fatal shooting of a 17-year-old Virginia college boy, W. Kendrick, this week by pursuing enforcement officers who suspected him as a run-runner. It did not matter, he said, that the youth's car was later found to contain no liquor.

Recently the Georgia congressman, himself an ardent dry, denounced as "murder" the action of Washington police in killing a rum suspect under similar circumstances. At the same time he sought to shame his dry colleagues in the house for applauding references to the shooting made in the course of a speech by one of the most ardent of the contingent. Representative William P. Holladay, republican, of Illinois.

Law Is Explained. Condemning the shootings anew, Representative Brand, in a speech on the floor, declared that congress in passing the Volstead act had never intended that enforcement officers should be given authority to kill suspected violators, except in self defense.

"The killing of an offender under such circumstances," he said, "if declared to be justifiable homicide, or if approved by congress as such, is establishing a dangerous doctrine and, in my opinion, would result in fatal consequences, not only to arresting officers of this country, but would prove to be a destructive blow to the prohibition laws of the republic."

At the conclusion of the Georgia member's address, Representative F. H. LaGuardia, republican, of New York, renewed for the third time his request that the word "appause" be expunged from the record in connection with the speech earlier of Representative Holladay. He met with no better success than on previous occasions, however.

Prepared Argument. In condemning killing of the two youths, Judge Brand delivered a carefully prepared argument to show the illegality of such shootings. Later his position was approved wholeheartedly by Representative James M. Beck, of Pennsylvania, former solicitor general of the United States.

HIKE OF ONE CENT IN GAS TAX ASKED TO COVER DEFICIT

Hardman Commission, Headed by Tate, Seeks Solution to Financial Problems of Board.

LOAN OF \$2,000,000 FOR 2 YEARS URGED

Report of Committee Contains Plan for Permanent Financing of Georgia's Road Department.

Creation of a state bond commission which would have authority to disburse a bond issue of not more than \$100,000,000 for road construction in Georgia and adoption of a 10-year program under which a part of this bond issue would be available each year for road purposes is recommended by the special highway commission recently reported by Governor L. G. Hardman to prepare recommendations designed to solve highway problems in this state, it was announced Thursday by G. E. Maddox, representing the commission.

As an emergency measure to bring a total revenue of approximately \$3,200,000 in 1929 and 1930 an additional gasoline tax levy of one cent a gallon is recommended. This money is to take care of the expected deficit of \$1,194,180 faced by the state highway department this year for refunding increased traffic of all kinds should be anticipated and the road system constructed to take care of such traffic. This traffic would bring additional revenue in gasoline taxes and in the sale of license tags according to the report. Money to pay interest on a refunding of the present law is recommended by the commission. Under

Adoption of a new state highway law to replace the present law is recommended by the commission. Under

Arkwright Addresses Electric Association at Asheville

Asheville, N. C., May 9.—(AP)—While one group of the 300 delegates to the seventh annual convention of the southeastern division of the National Electric Light Association at Grove Park Inn today continued their discussion of the development of the electric light and power industry and its future possibilities, another group heard women representatives compete in a public speaking contest.

Forecasting a return by the south to the position of national leadership it occupied prior to 1890 in wealth and industrial production as well as in other fields, Preston S. Arkwright, of Atlanta, president of the National Electric Light Association and president of the Georgia Power Company, delivered the principal address at the convention of the southeastern division of the association here today.

"The southeast has led the nation in percentage of increase in produc-

tion and use of electric power during the past five years," Mr. Arkwright said. "Not only is this an evidence of the rapid strides our section is making, but it is proof that our workers are obtaining facilities for increased production. When you increase productivity per worker, you increase the earning power of the worker, you increase wealth, you raise standards of living and you bring better schools, better churches, better roads and a more widespread advance along all cultural lines."

U. S. Leads World.

"The United States leads the world because our workers out-produce those of any other nation. By modern machinery, electric power and mass production methods, we have multiplied the productive capacity of each of our workers 25 times on the average, England, which ranks second to this nation, has multiplied the strength of

its workers 24 times, and a comparison between the wealth and living standards of the two nations shows that they are roughly in the same proportions of 35 to 24.

"The greater the use of power, the greater the productivity per man, and also the greater wealth produced, and the greater income to the individual worker. This is true not only of horsepower that comes over the electric wires, but of horsepower that walks on four legs.

The women speakers in the contest were Miss Elsie Lee, of the Birmingham Electric company, representing the state of Alabama; Miss Mamie Kennedy, of the South Georgia Power company, representing Georgia; Miss Louise Brooks, of the Florida Power and Light company, representing Florida; and Miss Collier Clark, of the Nashville Railway and Light company, representing Tennessee.

Miss Dorothy Murphy, of the Tennessee Electric Power company, was in charge of the contest.

LIGGETT BRIBE PROBE ON IN CONTEMPT CASE

Nashville, Tenn., May 9.—(AP)—Contempt proceedings against B. P. Osburn, juror, and Rainey Creswell, "go-between," tomorrow afternoon in criminal court, will bring the sweeping probe of bribery in the second trial of Walter L. Liggett into the open.

With a fuller statement by Creswell and corroboration by Ben Osburn, son of the juror, secured this afternoon, the state is confident of furnishing sufficient evidence of corruption to hold the men—and to keep Walter L. Liggett, slayer of Turkey Cunningham, in jail without bond.

Following Creswell's expose of the plot to thwart justice, came the confession of Ben Osburn, whose father alone stood between Liggett and a 90-year prison term.

"I met my father on the street and he told me that he had been summoned and was going to try to get on the Liggett jury," young Osburn said. "At first, he said he didn't believe that he could serve, as there was not enough money in it—only \$3 a day."

"My mother told me that Mr. Creswell had been to see my father, and that he was to get money out of the trial."

"I met Creswell and he asked if I was going to the trial. He said that I could go along with him. We went to the courtroom. It was the morning Mrs. Cunningham testified. Creswell told me not to sit near Liggett but to be seen with him, as he was known to General Atkinson, and that someone might suspect something."

"I asked him what he meant. He said, 'I guess you know that I am for Liggett. I guess your father is all right.'"

"I went to dinner with Creswell in a restaurant. While we were at the table the father of Walter Liggett came up and spoke to us. At the dinner Creswell repeated that he thought my father would be all right."

Mexico City, May 9.—(AP)—At the American embassy it was said today that Ambassador Dwight W. Morrow would leave Mexico City for the United States between May 20 and May 30. His destination was not announced but it was understood he would go to Englewood, N. J., and possibly to Washington before rejoining his family at North Haven, Maine. He probably will remain in the United States for two months.

Presumably he will give his daughter Anne in marriage to his friend, Colonel Charles Lindbergh, before he returns to this country.

METHODS OF OPERATING
LINERS CRITICIZEDFormer Officers Testify in
Hearing Conducted by
British Board.

London, May 9.—(AP)—Criticism of methods of operating and loading Lamport and Holt line ships was voiced today by former officers of the line in testimony before the board of trade court inquiry into sinking of the Vestris last November.

Former Chief Officer Phillips of the liner Vestris, sister ship of the Vestris, said he remembered only one voyage when the Vauban left port overloaded. A sworn statement made by him was read.

This statement said that during a year as chief officer of the Vauban Phillips had been concerned over the fact that in his opinion the ship had been "operated in a manner so as at times to render her unseaworthy and so that lives of persons have been likely to have been thereby endangered."

On the occasion when the Vauban left port overloaded, Phillips said he did not realize that the draft entered in the log showed her below her markings. He added that he would have corrected the draft.

"Why should you have falsified the draft?" asked counsel for the board of trade.

"Because we wished to keep the company out of trouble as far as possible," Phillips replied.

He added that he had never received any instructions from anyone regarding falsification of drafts.

\$150,000 Fund
To Fight Flies
Seen for Georgia

Manning S. Yeomans, state entomologist, who has returned from a visit to Washington, where he conferred with federal authorities relative to the Mediterranean fruit fly quarantine, Thursday said that he believed the government would use about \$150,000 in Georgia in preventive measures.

Continuation of the border patrol and a survey to determine possible infestation in this state were mentioned by Mr. Yeomans as objects of the federal government.

State entomologists and regulatory men of several states have been called by the government for a conference here the early part of next week. Mr. Yeomans said, to consider plans for an inspection and survey throughout the southeast. He said that present plans are to scout southeastern states outside Florida in efforts to determine whether any other infestation has occurred.

The entomologist renewed his request that everyone send specimens of suspicious fruit or insects to the state board of entomology, Atlanta, under seal. He added that he would like to have letters or telegrams accompany all specimens so that each might be identified and, if necessary, inspections made in localities from which specimens are sent.

MICHAELSON'S FRIEND
HELD IN DRY SCANDAL

Chicago Coal Dealer Must
Face Trial on Tariff Act
Violation Charge.

Key West, Fla., May 9.—(AP)—Walter Gramm, Chicago coal dealer, who admitted ownership yesterday of the trunks in which the government charged liquor was found, and for the ownership of which Representative M. J. Connelley of Illinois was tried and acquitted, was arrested today, the federal warrant charged violation of the tariff act of 1922.

Gramm made bond of \$2,000, but refused to comment other than to remark, "I'm sorry."

Representative Michaelson, who was cleared of charges of illegally importing and transporting intoxicating liquors, also declined to make a statement.

Gramm, termed "the Fall guy" by assistant United States Attorney-General J. N. Morrison in summing up the government's case against Michaelson, testified in the trial that the six trunks seized at Jacksonville belonged to him and Walter Bein, also of Chicago. They were members of the Michaelson party that made a tour to Panama and Cuba and returned to the United States through Key West on January 2, 1928.

The coal dealer said Michaelson brought three of the trunks taken at Jacksonville January 3, 1928, through the customs under his congressional privilege of freedom of import, but that the congressman did not know what the trunks contained.

The government immediately demanded if Gramm knew the contents of the liquor, but he stood on his constitutional rights and refused to answer.

Michaelson related to the jury that he brought in three trunks for members of his party at their request, not knowing what the baggage contained. He said he would have brought all of the nine trunks in the party through the port if he had been asked, but that he was only requested to declare three.

He said he took his own three trunks directly to Washington.

REPARATIONS QUESTION
STIRS BRITISH PRESS

London, May 9.—(AP)—The British government today gave in the house of commons its considered view of the question that has arisen over reparations payments at the Paris experts' conference. The question has stirred the entire British press to opposition.

The cabinet considered the matter in council during the morning, and in the afternoon Winston Churchill, chancellor of the exchequer, made a carefully guarded statement to the house embodying the results of the ministerial deliberations.

Delegates Without Power.
There was a certain intentional vagueness of phrase about Mr. Churchill's statement, but its essence was that British delegates to the Paris conference had no power to agree to the Paris agreement in German reparations payments at the Paris experts' conference. The question has stirred the entire British press to opposition.

Overcast Skies

No Rain Seen

Atlanta's rainy spell has been called to a temporary halt, according to the latest prediction of the local weather bureau, which calls for partially

cloudy weather today, but no precipitation. The temperature is expected to remain about the same, Thursday's range being from 57 to 74.

Cloudy, rainy weather persists over the southern half of the United States, according to bureau reports Thursday, with precipitation over practically the entire cotton belt. Continued cool weather was also reported Monday in many sections of the country, but no stations were below freezing.

TEXAN IS INDICTED IN
SON-IN-LAW'S MURDER

Amarillo, Texas, May 9.—(AP)—R. H. Hamilton, son-in-law of the Texas supreme court appeals commission, was in jail here today under indictment for the murder of his son-in-law, Tom Walton, Jr.

Walton was shot to death in Hamilton's office last Saturday when he went there at his mother's instance to tell of his secret marriage to Theresa Hamilton, 19-year-old daughter of the slayer.

Hamilton was arrested last night after a grand jury had returned the murder indictment. District Attorney Edward W. Thompson said the state would contend the case was not built on the marriage between the two.

Counsel for the lawyer had made no attempt to have him released on bond early today.

Tom Walton, Sr., father of the 21-year-old university of Texas student, yesterday revealed in McAlester, Okla., where the case was heard, that Hamilton had forbidden the marriage of Theresa to his son.

Refused Wishes.
Hamilton said he would never let his daughter marry beneath him," Walton said. "He already had refused to let them marry, but the boy's mother insisted that Tom tell Hamilton as soon as she found out they had been married secretly last February 10."

Walton indicated to friends his belief that Hamilton, wealthy and leading member of the bar in Texas, opposed the marriage because young Walton had no wealth and was not socially prominent.

It was said considerable sentiment had been aroused at McAlester where young Walton was popular and respected while attending high school. The Walton family moved to Texas from McAlester four years ago.

Mother Improved.
Mrs. Walton, who had been unconscious from the shock of her son's death, was reported improved at McAlester.

Young Walton's widow still was in seclusion at Austin, recovering her mother said, from an operation for appendicitis. Upon being told of her husband's indictment, Mrs. Hamilton said:

"It is better that he be indicted. Now the thing can be settled for all time."

Asked whether Theresa would go to her father, Mrs. Hamilton said, "I can't tell yet what our plans will be. They haven't been made."

Makes Tender Gums
Firm and Healthy

Soft, spongy gums that bleed easily emit poison pus that spreads dangerous infection to healthy tissues and often to the entire system, causing stiff joints, rheumatism and other severe troubles.

A highly medicated tooth paste known as Zi-O-Dine immediately neutralizes this pus, draws out soreness, stops bleeding, heals tender tissues and gets rid of infection.

Zi-O-Dine is a highly medicated preparation, containing iodine and other valuable ingredients that destroy germs and whiten the teeth.

If your gums bleed easily, or if you have a nasty taste in your mouth most of the time, you had better look out for yourself. Start using Zi-O-Dine immediately. For it will neutralize the germ-bearing pus, sweeten the mouth and bring a cool, clean and healthful condition to your gums.

Courthouse Robbery Proves False Alarm; Money Is Recovered

Miss Elsie Layton, stenographer in the office of John S. McClelland, solicitor of city criminal court, considers herself the luckiest person in the courthouse.

Thursday morning Miss Layton missed \$23 from her pocketbook. A hue and cry went up. This thing of persons being robbed right in the shadow of the law's protecting hand had to stop. Only three weeks ago a sneak thief had stolen \$50 from a pocketbook in the probation office on the same floor.

The hue and cry reached the ears of Walker Brown, superintendent of the courthouse building. "Here is your \$23," he told Miss Layton. "One of our maids found it out in the corridor just a little while ago and turned it in."

The maid turned the money over to Charlie Jones, assistant custodian, who in turn delivered it to Mr. Brown.

Approximately \$1,100 in cash was stolen early Thursday morning from a safe in the starter's office of the Georgia Power Company, 50 1-2 Broad street. Investigating patrolmen said they found a window in the front of the offices open as well as the door of the safe.

About \$225 in cash and several thousands of dollars in car tickets were overlooked in another drawer in the safe, the police were told.

The robbery was discovered by R. J. Brown, day manager, when he arrived for work Thursday morning.

For the second time in a few weeks the Pig in Whistle sandwich stand near Fort McPherson was broken into and robbed some time early Thursday morning. This time the robbers got about \$300 from the safe.

East Point and county police investigating this robbery reported that the burglars evidently had worn rubber gloves in removing a window to gain entrance as no fingerprints nor other incriminating clues were found.

Many To Attend CONSTITUTION-CAPITOL PARTY

Atlanta mothers will be the first persons here to thrill to the rhythmic, catchy "Pagan Love Song" as sung by Raymond Novarro, star of "Ben Hur" and other screen successes, in the South Sea island film, "The Pagan," in which Novarro makes his debut as a singer for the talkies.

The mothers will be entertained at 10 o'clock Monday morning by The Constitution with a Mother's Day program at Loew's Capitol theater.

The "Pagan" being the feature picture. In this film the mothers will also see Renee Adoree, one of the stars of "The Big Parade."

Dorothy Janis, another well-known film star, also has a part in "The Pagan."

Novarro is in the role of a half-caste South Sea islander in the picture. The film was made in the

South Sea islands and Manager Tom James, of the Capitol, who has seen a preview of the picture, testifies that it is a highly romantic and thrilling movie, and that the scenery is wonderful. "Everybody in town will be humming 'The Pagan Love Song' after hearing it once," Mr. James said.

The Black & White Cab Company, through A. L. Belle Isle, president, Thursday offered free transportation to the theater to mothers who wish to attend The Constitution's theater party and who otherwise would be unable to do so.

The only restriction on the party is that the mothers must be 50 years or more in age. Admission will be by the attached coupon, which should be filled out and presented at the door of the theater.

Why should I change? says the average smoker, when someone suggests another cigarette.

"I'm used to my brand . . . and it's a good smoke."

Of course it's good. Not even Old Man Habit can hold a smoker to a poor smoke. But being used to an old thing often keeps a man from getting acquainted with a better one.

That's the reason for these "concealed name" cigarette tests now going on all over the country: To give a man a chance to find out, on the level, which cigarette his taste really does like best.

Look what happened at the Mt. Clare shops of the B & O in Baltimore, the other day. Most of the fellows had been smoking that old favorite (let's call it Brand Y) for years. But when Chairman of Machinists, James E. Poulton, handed out the four leading cigarettes with paper "masks" over the names, 57 out of 115 picked OLD GOLD as the best cigarette. It was a walkaway for OLD GOLD!

"That only proves," said one of the chief mechanics, "that a fellow misses a lot if he gets too set in his ways."

Former Atlantan Returns After Fifty-Year Absence

William A. Peters, prominent Seattle lawyer, who, as he says, went west and grew up with the country, came back to Atlanta Thursday for his first visit to his old home town in 49 years.

Mr. Peters is 70 years old. He is a son of the late William G. Peters, a pioneer Atlantan, whose brother, Richard Peters, gave the city its name.

"Times do change," Mr. Peters said after a motor tour of 1920 Atlanta Thursday afternoon. "I left here almost 50 years ago. Atlanta even then was an up-and-coming city, and

all through the years of my absence I have heard almost unbelievable stories of its expansion. But my trip today proved that everything I have heard is more than true. Atlanta today is a far greater city than I ever dreamed it would be."

Mr. Peters, one of the first children to be born in Atlanta, marveled at the monstrous growth of the city's suburbs and its industrial sections.

"When I left here Peachtree and Ponce de Leon was at the edge of town," he said. "When you got out further than that you were in the country. Today for miles beyond I found homes more beautiful than I have ever seen before, and in other

sections gigantic industrial plants whose very presence breathes of a great city."

"Seattle," Mr. Peters added, "is one of the leading cities of the far west, and I am proud to be one of her citizens. Though it must be native pride, I want to say that even though we have been coming forward rapidly in Seattle, Atlanta has been growing at a faster pace."

Mr. Peters is at the Atlanta Biltmore. He will continue his motor excursions of Atlanta today and Saturday, coupling them with visits with his cousins, Mrs. H. M. Atkinson and E. C. Peters. He plans to leave for the west Saturday night.

NUN, SENTENCED IN OREGON DEATH, ON WAY TO PRISON

Mexico City, May 9.—(AP)—El Universal Grafico says the nun, Mother Concepcion Acevedo De La Lata, under a 20-year sentence as "intellectual author" of the assassination of General Alvaro Obregon last June, was on her way to Las Tres Marias prison colony, off the west coast of Mexico.

The paper said she was included in a group of 74 prisoners, 39 of whom were women, who left here yesterday for Manzanillo, where they will be placed aboard a prison ship. Most of the deportees were charged with aiding the so-called religious insurgents in Jalisco or with other political offenses.

They were guarded heavily, the report being in General Francisco J. Mujica, director of the prison colony. He has been credited with instituting reforms in the colony procedure such as abolition of the whipping post, torture chamber and the like.

The women were the first to be sent to the islands.

The resident commissioner said he was given to understand that Governor Horacio M. Towner, whose resignation has been submitted to the president, was to return to Porto Rico and remain until the president had decided as to who would be his successor.

NEW PLAN IS OFFERED TO ELIMINATE OFFSET

Mayor Proposes To Purchase Decatur and Central Ave. Property.

Mayor I. N. Ragsdale Thursday presented a plan for elimination of the offset where the northern end of the Central avenue viaduct strikes Ivy street at Decatur to a group of citizens headed by Reuben R. Arnold, prominent Atlanta attorney.

The plan contemplates acquisition by the city of John W. Grant, owner of the property at the southeast corner of Decatur and Central avenue, of a triangular strip fronting 50 feet on Decatur street running back to a point 95 feet from the intersection of Decatur and Central avenue. This would effectively eliminate the offset and add materially to the efficiency of the newly completed Central avenue viaduct.

Negotiations will be opened within the next few days with Mr. Grant and work on the project will be pushed as fast as possible.

The city council several weeks ago passed a measure authorizing expenditure of \$50,000 from viaduct bonds for the improvement, but City Attorney J. Maynard Jamieson's allocation of viaduct money for this project would not be legal, and the mayor vetoed the paper on his advice.

The mayor then sought other means to raise the necessary funds. The city owns a tract at the corner of Central avenue and Hunter street, which, it is believed could be exchanged for the needed property at the northern end of the Central avenue project.

SOUTH BOULEVARD CLUB WILL HOLD DINNER TONIGHT

Mayor I. N. Ragsdale, members of city council, and Fulton county commissioners and department heads Thursday were invited to attend the third annual dinner and entertainment to be given tonight by the South Boulevard Improvement Association at the Atlanta Athletic Club.

Invitations were sent out by Thomas C. McLaurin, secretary of the banquet committee.

Twenty-four arrests were made in Virginia, the report of Mr. Merrick showed, as against 18 for North Carolina and eleven for South Carolina.

MEXICAN CHURCH AND STATE TROUBLE MAY BE SETTLED

Mexico City, May 9.—(AP)—Undisguised optimism that a solution would be found for Mexico's church-state difficulties prevailed in many quarters in Mexico City today as the full import of President Portes Gil's stand Tuesday was recognized.

The president was seen here as having issued an invitation to Archbishop Ruiz, regarded as head of the Mexican Roman Catholic hierarchy, to take the initiative in the conduct of negotiations for a settlements of the three-year-old question.

It was believed this might be done by the prelate proposing a meeting himself with Portes Gil, or by laying the entire matter before the Vatican for decision. It was felt that if actual conversations took place between representatives of the government and the church the chances for a settlement were particularly strong.

The Mexico City press was unanimous in its wish that a settlement might grow out of the public statements of Archbishop Ruiz and the president.

SUTTON ELECTED VICE PRESIDENT SOUTHERN BAKERS

New Orleans, May 9.—(AP)—W. J. Barr, of Chattanooga, was elected president of the Southern Bakers' Association at the close of the convention here today. W. Hoyt Sutton, of Atlanta, was elected vice president and J. B. Everidge, of Columbus, Ga., was re-elected treasurer for the 15th time.

The executive committee was elected as follows: E. C. Lloyd, retiring president; B. B. Haleigh, N. C.; Roy Smith, Mobile; G. A. Selige, Miami; G. A. Mattingly, Hattiesburg, Miss.; and E. E. Battistoni, Atlanta.

The convention adopted the proposed national advertising campaign calling for an expenditure of \$1,000,000 annually for three years and another opposing the indiscriminate taking up of stale bread by bakers.

W. Hoyt Sutton, elected vice president of the association, is secretary and purchasing agent of the American Bakers here.

Hawaiian Volcanic Eruption Predicted Within 18 Months

Honolulu, May 9.—(AP)—Thomas A. Jagger, volcanologist at the observatory on the brink of Kilauea, the world's largest active volcano, predicted at a session of the Hawaii Volcano Research Association that either Kilauea or Mauna Loa would erupt within the next 18 months. He based his forecast on statistics gathered over a period of several years relative to the crater's activity.

"I can discuss eruptions only on general terms," he said, "as the time has not yet arrived when one can specify the exact dates of coming activity. Since the last eruption Kilauea has been intermittently active showing that the lava is alive not many feet below the crater's bottom."

U. S. ARMY TROOPS ORDERED RECALLED FROM MEX. BORDER

Nogales, Ariz., May 9.—(AP)—Orders calling for the return of the 20th U. S. infantry from Camp Little, Nogales, and Camp Don Luis, near Bisbee, to Fort D. A. Russell, Wyo., on May 15, have been received here. The 20th infantry was sent to the border during the Mexican rebellion.

RAGSDALE TO AID WOMAN IN SEARCH FOR MISSING MATE

The story of a missing father and husband Thursday set Mayor I. N. Ragsdale in search of Charles J. Laroe, formerly of Springfield, Mass.

When Mrs. Clara Laroe addressed her letter, she did not know Mr. Ragsdale's name or title, so she sent it to "The Mayor of Georgia," and Uncle Sam, with his usual efficiency, delivered the letter to the mayor of Georgia's largest city.

WICKERSHAM MAY HEAD HOOVER LAW ENFORCEMENT BODY

Washington, May 9.—(AP)—George W. Wickersham, of New York, attorney general in the Taft administration, is regarded as the most likely choice of President Hoover as chairman of the proposed national law enforcement commission.

Having abandoned hope of obtaining the services of Associate Justice Harlan Fiske Stone, of the supreme court, as head of the commission, the president was said in high official circles today to have turned to Mr. Wickersham as his next choice.

There also were reports that Mr. Hoover had decided upon several other members of the law enforcement group and that an announcement of

the commission personnel could be expected before the end of this month.

Mr. Wickersham is here attending a meeting of the American law institute, of which he is president. In his opening address to that body today he praised the president's pronouncement on law enforcement in his recent New York address and called upon the legal profession of the country to support the executive in his program.

BANK'S CASHIER SHOULDERS BLAME IN EMBEZZLEMENT

Jackson, Miss., May 9.—(AP)—Shouldering all responsibility and asking mercy of the court, Joseph A. Logue, former assistant cashier of the First National Bank of Jackson, pleaded guilty to the embezzlement of \$145,207 of the bank's funds and was sentenced to ten years in the federal penitentiary.

Atlanta Constitution Free Cooking School

Famous chefs and domestic science experts always strive for the best in bakings. They never guess. Every ingredient selected and used for their bakings must measure up to the highest known standard.

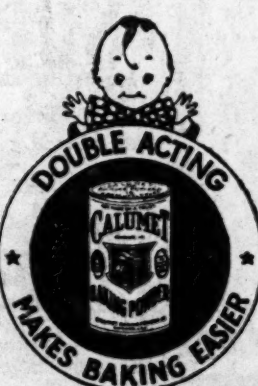

That's why

CALUMET THE WORLD'S GREATEST BAKING POWDER

is the preference of millions today—it makes good in every baking test—produces the purest foods at the most economical cost.

LESS THAN 1¢ PER BAKING

Calumet possesses two leavening units: one begins to work when the dough is mixed; the other waits for the heat of the oven—then both units work together. This double action provides double protection and leavens food thoroughly. Makes bakings more palatable and easier to digest.

The whites of more than 6,500,000 eggs are used in the manufacture of Calumet Baking Powder each year.

Rhodes Home Presentation Boon to State Department, Georgia Historian States

Residence Would Give
Archives and History
Division Permanent
Home for First Time.

BY PAUL STEVENSON.

Presentation of the beautiful home of the late A. G. Rhodes to the state of Georgia as a permanent home for the state department of archives and history not only will provide this department with adequate quarters for the first time in its history but will relieve the capitol of congestion due to the accumulation of numerous records according to Miss Ruth Blair, state historian.

This gift has been tendered to the state with no stipulation other than it be used as a permanent home for the department. It was given by the Rhodes estate through (Sam D. Dorsey, attorney, representing Joseph Rhodes and Mrs. L. O. Bricker, son and daughter, respectively, of the late Mr. and Mrs. A. G. Rhodes.

Georgia has a collection of colonial records which is unsurpassed by that of any other state in the union and also has a great collection of state records that have accumulated from 1784 to the present time, according to Miss Blair.

Signature of Gwinnett. In the Georgia collection is one genuine signature of Button Gwinnett, one of the three Georgians who signed the Declaration of Independence. The value of this signature can be realized when it is recalled that one of these signatures recently was sold to a Philadelphia collector for \$51,000.

Present quarters of the department are entirely inadequate and are ill-suited for the purpose of preserving the invaluable collection of Georgia records, according to Miss Blair. For a long time many of the records were kept in packing cases stored away in the basement but rain seeped in on the records and they were moved to the corridors of the third floor of the capitol. Here they are piled high on both sides of the corridor and are subject to the tampering of almost any person passing by.

Valuable Documents. The more valuable documents are kept in the office of the department which occupies one nook of the state library. They are not as safe as they would be in the Rhodes home and there is no room of any kind for storage, according to Miss Blair. The Rhodes home has 22 rooms and will provide ideal quarters for the department if the gift is accepted by the state.

**SHE WAS NERVOUS,
WEAK, RUNDOWN;
REGAINS HEALTH**

Severe Headaches Often
Forced Her To Bed—"I
Can Never Say Too
Much for Sargon," She
Says.

"After a severe case of 'flu' eleven years ago, I seemed to go into a general physical decline. Up to the time I began the Sargon treatment a few weeks ago, I was weak, nervous and

MRS. W. L. MITCHELL.

worn out. This remarkable medicine has built me right back into the very prime of health, and I can never say too much in praise of it.

"For the past year I have lived almost entirely on liquid foods. Any kind of solid food caused gases, pains and smothering spells, and frequently splitting headaches. The headaches were so severe that I was unable to do my housework, or anything else much, and frequently I would go to bed for two or three days at a time. My skin, and even the whites of my eyes, were a yellowish color. I lost weight, and was so weak that it exhausted me to even walk around the house.

"I tried a great many medicines without benefit, and then decided to give Sargon a trial. I expected it would build me back to splendid health so quickly. Now I enjoy a splendid appetite, everything I eat agrees with me fine, and I digest it perfectly. All my nervousness is gone, and I get plenty of restful and refreshing sleep. Now I am so energetic and strong in my housework it is a real pleasure. My skin has a healthy color, all the biliousness is gone, and I am gaining weight. It seems to me I can almost feel the glow of new rich blood. It is not only a pleasure, but I feel like it is my duty to tell others all this treatment has done for me."

The above remarkable statement was recently made by Mrs. W. L. Mitchell, a highly esteemed resident of 327 Augusta Ave., Atlanta. Hundreds of people continue to call on the Sargon representative at Jacobs' main store, 6 and 8 Marietta St., to learn more of the remarkable powers of this revolutionary new medicine. Sargon may be obtained at all Jacobs' drug stores throughout Atlanta.—(adv.)

state legislature, which is virtually certain, according to Miss Blair. Dr. James Alexander Robertson, of Washington, D. C., now stationed at Stetson University, Fla., one of the foremost historians of the country, declared on a recent visit to Atlanta that Georgia has "the finest collection of colonial records in the country."

Among the records, in addition to the famous Button Gwinnett signature, is a letter written and signed by George Washington. This was his farewell letter and was sent to each of the 13 states. Only three of these are preserved by the states.

Recently a complete collection of Franklin county records from 1784 to 1890 was turned over to the department and arrangements are being made now under which other valuable county records will be given to the department for preservation.

Collection of Wills. There also is an interesting collection of inventories, wills, deeds, transfers of lands and treasury receipts of the colonial period as well as of the period beginning with the Revolutionary War. Virtually all of these records came down to the department from the office of the secretary of state. They were taken to New Bern, N. C., and later to Baltimore in the early days of the government and were not returned to Georgia until 1800, according to Miss Blair.

Other interesting records are the minutes of the governor's office from 1790 to the present and also the manuscripts of the house and senate journals since that date.

Miss Blair said there are about 500,000 loose documents stored at the capitol which tell interesting details of Georgia's participation in various wars, particularly the War of 1812.

Under the auspices of Sigma Delta Chi, national journalism fraternity at the university, the Scribes, women's journalism organization, and the Henry W. Grady School of Journalism, the press association aims to improve high school journalism, to increase interest in high school English courses, and to encourage the study of journalistic methods among high school students.

Addresses will be given during the morning sessions by Professor John E. Drewry and Mrs. M. H. Bryan, of the School of Journalism; Professor H. J. Stegeman, athletic director at the university; R. F. Hamilton, student in the School of Journalism and editor of the Dalton News; and W. L. Brady, of Boys' High school, Atlanta. A tour of the University of Georgia campus, under the guidance of the two journalism organizations at the University of Georgia, will follow the morning sessions, after which Dean S. V. Sanford will address the delegates at a luncheon. The afternoon will be taken up with a round table discussion of the problems of high school journalism. Delegates being on the program for short talks.

Seven Atlanta Schools. James A. Branch, Boys' High school, Atlanta, president of the association, will call the meeting to order and receive greetings from Chancellor Charles M. Spelling, of the University of Georgia, and Wynn T. Burton, Atlanta, of Sigma Delta Chi. Mr. Branch represents one of the seven Atlanta schools which will send delegates to this convention. Miss Lucille Printup, Commercial High school, Atlanta, is vice president and treasurer of the association.

The Athens Banner-Herald again offers prizes to the best high school publications submitted to the judges at the convention. The Co-ed Leader, Commercial High school weekly, won the prize at the meeting last year. An exhibition of high school newspapers, annuals and magazines will be arranged in the reading room in the journalism building, where the sessions will be held.

SUTTON ATTEMPTS TO END PRACTICE OF 'HOOKING' RIDES

Aid in preventing school children from "hooking" rides on fenders, bumpers and spare tires of automobiles is asked in letters recently written by Willis A. Sutton, superintendent of schools, to Chief of Police Beavers, principals of all city schools and presidents of local P. T. A.'s.

In the letter to Chief Beavers, Mr. Sutton asks that he instruct his men to discourage this dangerous practice and in the message to the principals asks that each principal send a letter to the parents of each child calling their attention to the practice and asking their aid in discouraging it. P. T. A. groups also are asked to aid in the work.

Bearden Search Lags as Clues Are Dissipated

Canton, Ga., May 9.—(Special).—Search by police and relatives for W. B. Bearden, 35-year-old merchant, who has not been seen since Monday night, lagged today with every potential clue to the man's whereabouts dissipated.

Theory that he had been murdered by robbers who were said in a note found in Bearden's bullet-ridden coat to have stolen \$300 from him, has been abandoned by police and members of the family, including the man's wife, are of the opinion that the storekeeper suffered a temporary "loss of memory" and has come to no harm.

According to Mrs. Bearden, her husband had been undergoing treatment for a "rising inside of his head" and this is believed to have led to amnesia.

J. E. Vaughn and H. E. Wheeler, who had announced a reward for information leading to Bearden's discovery, have withdrawn the reward offer, they said today.

FRIENDS SAY ESCOBAR IS SAFE IN CANADA

Principal Leaders in Late
Rebellion Flee From
Mexico.

Los Angeles, May 9.—(AP)—Members of the Los Angeles Mexican colony declared today that General J. Gonzalo Escobar, head of the military forces in the recent Mexican rebellion, had escaped to Canada and was living in Montreal.

Many other leaders of the unsuccessful uprising against the Mexican regime who sought refuge here were represented as "worn, discouraged men, some of whom are destitute."

Three or four of them were declared to be wealthy. Among the more prominent militarists who fled to the Mexican colony here are General Fausto Topete, former governor of Sonora; Francisco Manzo, one of the revolt's first generals; Gilberto Valenzuela, revolutionary candidate for president of Mexico; General Miguel Vall, leader in the rebel capture of Juarez; Celso Gaziola, former governor of Sinaloa; Jesus Livarraga, one time governor of Sonora; and Generals Ramon Iturbide, Benito Bernal, J. Sepulveda, Francisco Urbalejo, and Salvador Amaya and Enrique Estrada who were identified with this and previous revolts.

Iturbide was once a rich manufacturer, but now is said to be critically ill from bullet wounds received in the battle of Mazatlan, and almost destitute. Amaya, Caxiela, Urbalejo, Topete and Manzo were independently wealthy. Estrada is an engineer. The others were said to be skilled enough in other ways to make a living in this country.

CRACKERS LOOK GOOD BEATING BARONS

RUBE PITCHES
BRIEFLY
AND WINS, 9-3

Zoeller's Return Helps
Outfield — Martineck,
Sheehan Star at Bat.

By Ralph McGill.
John Henry (Rube) Robinson, that good old soul, was pitching the baseball for the Crackers Thursday afternoon at Spiller field. He kept coddling that baseball in his old worn glove and then chucking it up to the plate. He was right.

Need it be said that the Birmingham Barons lost the ball game? The score was 9 to 3.

John Henry (Rube) Robinson kept fussing with the umpire, "Goodness gracious," said John Henry Robinson, in a bothered sort of way. "My arm is pretty old and I don't feel as well today. When I get them in there will you please call them? Goodness gracious."

He kept pottering around on the mound. He was throwing a baseball up to the plate that had the advantage of a college degree. John Henry Robinson, when he is even halfway right, doesn't pitch any ignorant baseballs.

JUST 8 HITS.
They got eight hits off him. They bunched three of them in the first inning for a couple of runs. They got another tally in the fourth, and that was all. The best hit of John Henry (Rube) Robinson was in the fifth. His control wavered for a moment in that inning and that, combined with a single, put three men on base. There were four out. John Henry Robinson just coddled that baseball in his glove, whispered to it and Clayton popped out. John Henry Robinson was starting from the mound before the ball was hit. He knew it was right.

It was the third straight win for the veteran, who just keeps going along. He has started in four games, won three and tied one. John Henry Robinson has been pitching baseball for quite a span of years and it is a treat to watch him.

MARTINECK STARS.
Mike Martineck, the new first sacker, broke in before the home crowd with a furious assault on the Birmingham pitchers. He got three hits, batted in four runs, scored himself and handled eleven chances without a bobble. The one run Mike Martineck scored was a steal of home.

Jack Sheehan, returning to home pastures, moved down the opposition with three base hits.

It was a different baseball club that stopped the Barons Thursday afternoon. Return of Frankie Zoeller to the outfield and shifting Max Rosenfeld to centerfield completely changed the appearance of the Crackers' outfield. Maurice Archdeacon was out of the lineup, and the Crackers' new combination bunched through a very active afternoon.

ROSENFIELD ACTIVE.
Max Rosenfeld covered territory that had not been covered in centerfield this season. He was racing hit and run, and grabbing fly balls. He is a real outfielder, this Rosenfeld boy. He is at his prime and his legs are stout. He can go away from the base and get a ball. Many of his hits out to play the outfield who can't do that.

Zoeller, who was back in the lineup at left field, was a little bit but it was he who slapped out a single to start the Crackers off on their smashing first inning rally that really won the ball game.

Zoeller supplied what the Crackers have lacked for some time—a dash to the opening attack. It is a better ball club today than it has been all season, with the exception, of course, of the pitching. Max Rosenfeld is in centerfield to stay unless some emergency forces him out.

The Barons set the heads of the faithful to wagging when they scored a brace of tallies in the first inning. That's when it looked as if John Henry Robinson might not be right for the engagement. Three hits, one of them a double, combined with a sacrifice to get the two runs across.

CRACKERS FIGHT.
The Crackers bunched right back. They were playing before their wives and children and were striking for their heartstones (figurative). Frankie Zoeller, getting a rousing hand on his first appearance in the lineup, slapped one to right field. It went bouncing along as if it were glad to be doing a favor for Frankie. Just helping an old friend out.

Jack Sheehan sent one to centerfield and Max Rosenfeld sacrificed him down. Pat Haley was safe when.

Ed Danforth

More than usual concern is being manifest at Spiller field these days about the Cracker ball club.

When the Crackers left on their swing through Death Valley, they appeared to be a pretty good sort of a team.

Good's grandsons captured Mobile, but they lost the series in New Orleans and yielded the set with the Barons.

Uncle Wilbur and R. J. held a conference on the arrival of the forces yesterday morning and it was the sense of the meeting that it was not altogether hard luck that caused all that slaughter on the road.

STILL HUNTING.

Now, they say, the hunt for players is being pushed with renewed vigor. Tommy Leach, foreign ambassador, is in the east looking for ball players.

Since there seems little hope of getting Nick Cullop (that's the latest quotation in the Cullop market—it may change overnight) Tommy has been instructed to take a look at a couple of International league outfielders reported for sale or trade.

Frankie Zoeller's ankle is well and he broke into the lineup Thursday. His advent caused a shakeup—and with Zoeller in action the club's attack improved vastly. Sometimes one man can transform a ball club from a chronic loser to a frequent winner; Frankie after all may be the fair-haired boy.

THE DERBY PRICE.

To the owner that saddles the winner of the Kentucky Derby goes some \$60,000 in money and a piece of gold plate. But the horse that carries his silks to victory usually breaks under the strain of early driving preparation and rarely endures through a long campaign.

The derby with its early, hurried training takes all the racing out of a colt. Seldom does the derby win a good colt the three-year-old champion.

In the last, say, nine years only three derby winners have had the stamina to keep a winning lick into the fall. Zev campaigned well in 1923 and defeated Papyrus in the fall. Wikery was a good colt through the 1927 campaign. Reigh Colt held up well last season; he won three fall stakes to be exact.

The others faded after the floral horseshoe was draped over their necks in front of the judge's stand at the Downs. Paul Jones, Behave, Yours, Morvich, Black Gold, Bubbling Over and Flying Ebony either broke down in training or lost their foot after the wearing mile-and-a-quarter scramble.

Their names dropped out of the charts as the season was unrolled.

Only the glory and the prestige of winning a Kentucky Derby make horsemen press their best three year olds for the derby. The price they pay is worth it, though; else the derby would not have survived since 1875.

The derby would be the actual test of the three-year-old champion if it could be decided in August. But then a derby in August would seem like Santa Claus in July.

THE QUICK PITCH.

S. Garrett, Jr., writes from Charleston, Ga., to ask if umpires are stricter in the major leagues this year about enforcing rules against the quick pitch and requests the exact law on the matter.

There is no exact ruling on it in the American league but President E. S. Barnard has instructed that his umpires see that a "boulevard stop" is made by pitchers between getting the sign from the catcher and delivering the ball to the batter.

This resulted recently in a near riot when four balks were called in a game between the Tigers and the Browns on Johnny Ogden. The American league memorandum leaves the umpire the sole judge of the pause.

JUDGE HUTCHESON.

Often I have wondered what a dignified judge thinks about as he sits on the bench and hears plunging young lawyers cite to him cases and decisions in which he is letter perfect.

I found a clue the other day at Fairburn. The morning phrase-plunging session had just ended and court had adjourned for lunch.

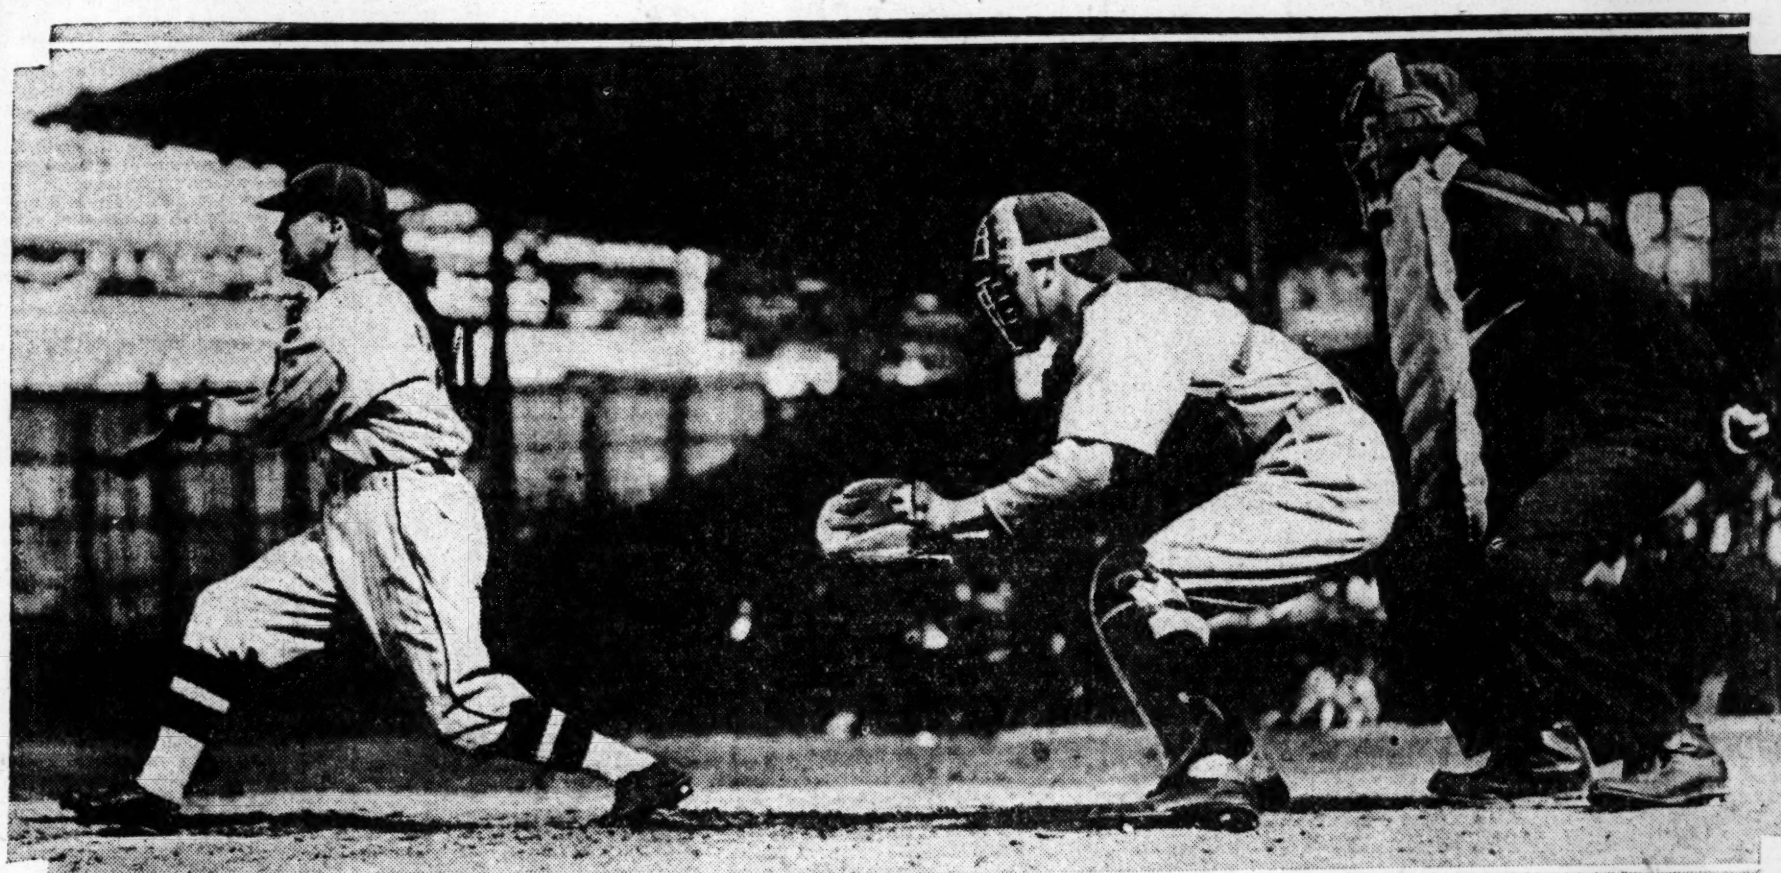

Judge John B. Hutcheson strode up to the veranda of a boarding house nearby where newspaper men were awaiting the dinner bell. He was laughing to himself.

"I was just thinking as I walked along," the judge said, "how very ludicrous it would be if the dog track people would tie a monkey to that electric rabbit and watch the monkey's expression as he set sail with all those dogs after him."

And, indeed, a sense of humor no doubt saves chancellors in equity from going absolutely daff sometimes.

Margaret Maddox Advances To Semi-Finals; Setting British Open Record Thrills 'The Haig'

Frankie Says "Hello" With Base Hit---Old Man Rube Rolls Along

Frankie Zoeller, Cracker outfielder, who was injured in the early exhibition games, returned to the game Thursday to help the Crackers break a losing streak. The photograph shows him, first up in the first inning, making a hit to start a rally that netted four runs. In the lower photograph Rube Robinson, who pitched brilliantly, is shown rounding third like Old Man River—just rolling along. He got a hit and scored on Frank Haley's hit. Margaret Maddox Is Semi-Finalist

Defeats Mrs. Carl Liebold in Southern Women's Golf Tournament.

New Orleans, May 9.—(AP)—A veteran of the links, Mrs. R. R. Jones, of Winston-Salem, N. C., already well known in the Carolinas, today became a future threat for southern women's golf tournaments. She beat Mrs. Dalton Raymond, of Baton Rouge, 1927 titleholder, in a game, relentless 18-hole struggle over the rolling fairways of Metairie course today with no room for argument.

Yet, there was little time and no place for exultation for Mrs. Jones tomorrow she will face Mrs. David Gault, of Memphis, three times champion, in the semifinal round.

While Mrs. Jones was forced to the limit to eliminate the lively, hard-hitting Mrs. Raymond, the Memphis veteran was, as usual, tramping on with plenty to spare. She won from Miss Clara Woolridge, of Little Rock, 5 and 4.

Of the four left in the title running, another Tay filed was strongly to the forefront, Miss Dean Van Landingham, of Charlotte, a figure in tournament circles for several years, added to her string of easy victories of the tournament by defeating Miss Gabe Martin, of Oklahoma City, 6 and 5.

The other survivor, who will match strokes tomorrow with the Charlotte entry, is Miss Margaret Maddox, of Atlanta, city champion. Miss Maddox had difficulty in beating Mrs. Carl Liebold, of Birmingham, 2 and 1. The Jones-Raymond card:

Mrs. Raymond..... 552 554 465-37
In..... 654 555 335-43-47-90

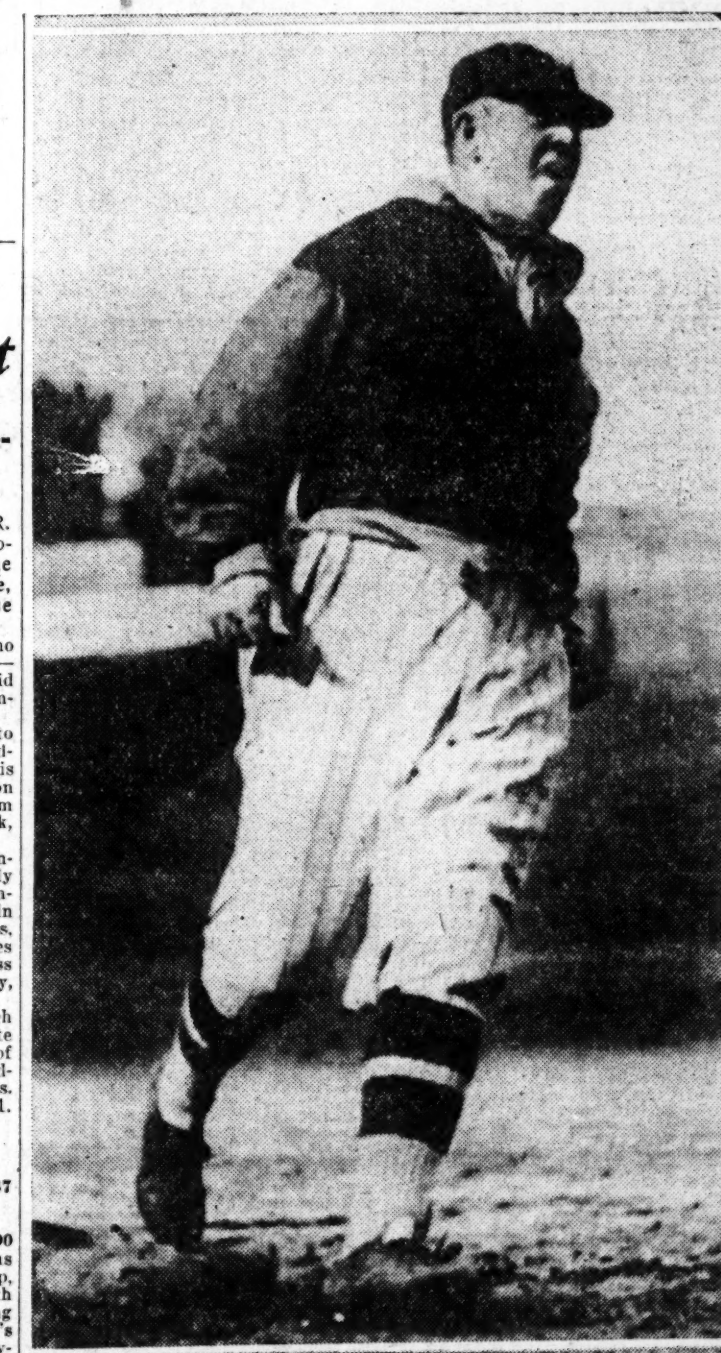

On the first side, Mrs. Jones was making it appear easy, being 3 up, through eight and dropping the ninth to make the turn two ahead. Halving the tenth, however, Mrs. Raymond's game, especially her putting, improved and she won the 11th, halved the 12th and 13th and won the 14th to square the match. The 15th was halved in 56, the 16th in 36 and then Mrs. Jones cracked a better approach and used only two putts to win the 17th. With a dormie situation, Mrs. Raymond threw away her last chance when, after getting a better drive than Mrs. Jones, she pulled a midiron shot on a short approach and was over the green into a bunker. A mashie niblick probably would have covered the short distance to the green. Meanwhile, Mrs. Jones was careful with her second but barely missed a bunker guarding the green front. Her third was a 50-foot chip to within two feet of the cup and the match was over when Mrs. Raymond's chip from the bunker was far short.

Lee Fowler Wins J. C. Golf Title

By Dick Hawkins.
Lee Fowler, the long-litting ace of the Jaycee golfing ranks, is still champion of the flock. He won the spring title Thursday at Capital City by beating his brother, Forrest, 4-3, in the final.

The Cain and Abel affair found Lee far from the top of his game and Forrest in the depths but the gloom of spotty golf was torn asunder occasionally by the flash of brilliant shots.

Lee entered the match a slight favorite, but the past tournament scores of Forrest indicated a closer match than the gallery looked upon Thursday morning. Forrest's wood game let him down often and his short approaches cost him strokes.

TAKES EARLY LEAD.
On the very first hole Forrest's wood cost him a stroke and Lee's birdie four took the honor. Forrest pushed his tee shot into the rough and his second was short of the green. He chipped close, but failed to drop the putt and took a five. Lee was safely on with two great shots and was down for a four.

Pushing his iron shot over the second green Forrest again found his chipped faulty and took a four to go two down. The long third saw Forrest push his tee shot out of bounds and drop his approach short of the

13 COLTS RUN IN PREAKNESS

Smallest Field in Years for Pimlico Classic This Afternoon.

Baltimore, Md., May 9.—(United News.)—Only 13 colts—the smallest field in years—will face the barrier for the thirty-eighth running of the Preakness at Pimlico tomorrow. Ninety-four candidates were originally nominated.

If all 13 entries start, the race will be worth \$53,350 to the winner. For each horse scratched, the winner's share will be \$1,000 less. The second horse will receive \$5,000, the third \$3,000 and the fourth \$2,000.

With prospects of clear weather and a fast track, another thrilling race such as was run between Harry Payne Whitney's Victorian and E. B. McLean's Toro last year is expected tomorrow.

Probable odds quoted tonight made the Samuel Ross entry of Grey Coat and Baron King and the W. J. Sakon-R. T. Wilson entry of Dr. Foreland and African, a dark horse, the likely favorites. Each entry was quoted at 4 to 1.

With pari-mutual machines at Pimlico, however, heavy play at the track may make some other horse the favorite.

Out of the 13 horses named, only Dr. J. F. Adams' Glen Wild and H. T. Archibald's Folsom are regarded as long shots. Odds of 100 to 1 were quoted against Glen Wild and 50 to 1 against Folsom.

A crowd of more than 35,000 is expected to witness the race, which will start between 4 and 4:30 p. m., eastern standard time.

Mint Olga Wins Juvenile

New York, May 9.—(AP)—The turf experience of Mint Olga, W. S. Kilmer's two-year-old bay filly, had consisted of only one start previous to today, but that did not stop her from accounting for the spring juvenile stakes at Pimlico.

The little daughter of Mint Briar-Olga Virginia ran like a true veteran of the track to finish three-quarters of a length in front of E. B. McLean's Uptown Lad and thereby pay her supporters \$30,300 for each \$2 invested.

Wild Apple for third and Lawyer fourth with the favorites, St. Frisca and Partisan Coupled as the H. G. Widener entry, far back.

Mei Foo, once picked to carry the colors of Harry Sinclair in the Kentucky derby, got another chance over the sprint distance of six furlongs at Jamaica but a bit of rough riding prevented her from regaining some of her lost prestige. The Arden farm's Victor Worship, a 10 to 1 shot, was the victor, beating Mei Foo by a head.

Windy City Works Fast

Louisville, Ky., May 9.—(AP)—Eligibles for the Kentucky derby, to be run here May 18, were out in force today putting in the finishing touches on strenuous training periods.

The fastest workout on a local track of the present training season was turned in by Windy City, owned by F. M. Grabner. The colt covered a quarter in :23 3-5, half in :48, three-quarters in 1:12 4-5, mile in 1:39 2-5, and a quarter in 2:07 2-5.

Although the favorites had a fairly easy day of it, many of the other candidates were called on for speed. The fastest mile of the day was turned in by Panchito of the Three D's stable of W. T. Waggoner and Sons, Fort Worth, Texas. Panchito turned the distance in 1:45 1-5, running with Double Heart. The two were clocked the quarter in :24 4-5, half in :50 1-5, three-quarters in 1:16 3-5, where Panchito took the lead. Double Heart finished the mile in 1:45 4-5.

SCORE OF 67

BETTERS JONES

BY 1 STROKE

Leo Diegel Holds To Lead by Shooting Brilliant 69.

By Walter Hagen, British Open Golf Champion.

(Copyright, 1929, by the North American Newspaper Alliance.)
Muirfield, Scotland, May 9.

This has been the most wonderful day in my golfing career. There is no use in being too modest and denying the great thrill I enjoyed when my second stroke at the home hole sailed up and hit the flag and I realized that I could get down in the lowest score ever played in the British open championship, which was first held in 1860.

I, H. Taylor and Bobby Jones have played 68 in the championship, but my 67 is the best, and it gave me a real kick. Not only that, but it put me right back in the running for the title, for with all the very low scores made yesterday I realized when I started today that nothing would do but something very good.

I was the first starter this morning, and was away promptly at 9 o'clock with Henry Cotton, the young Englishman who was in America last year, as my partner. A crowd which grew larger at every hole followed. At the last hole an immense throng formed a complete circle around me as I stepped up to play my second shot, a full mashie from the rough at the right to the green.

The ball on the first bounce leaped forward and just gently touched the flag. One person was so unkind as to suggest that if my ball had not touched the flag on that bounce it might have been farther past the hole than it was. But folks close to the green tell me that the ball just tickled the flag and that its flight was actually not affected.

AT THE HOLE.
At any rate, my last long shot of the lowest round ever played in this championship was at the hole and touched the flag, and this gave me a thrill. The ball might, as a matter of fact, have wrapped itself in the flag and dropped down dead beside the hole. Even if it had gone a few feet beyond where it landed, the green I think I could have gotten down in two putts. For coming up the fairway it seemed that everyone in Scotland knew I had a four for the lowest round ever played in the British open, and I certainly would have tried not to disappoint these people who seem so eager for me to do it.

One of the remarkable things today was the manner in which the news spread about the little town of Gullane that I had gone out in 33. I had been told that when a man who was two miles away from the course while I was playing the 11th hole sent a newspaperman coming from the links, he said, "Have you heard that I have gone out in 33?"

MONEY'S WORTH.
I must say they loved it around here as much as I did. Those who paid to watch the golf today, and there must have been 5,000 Scots who parted with their cash, had their money's worth when they saw me at the boys' burning up the course with unbelievable scores.

Leo Diegel broke his own record of 70 with a 69 that ought to have been a 68. But I had already made a new record with my 67.

Leo led the field with 140. I am two shots behind him, and then come Abe Mitchell and Percy Alliss with 144 and 145. They are showing our boys that there are men who can play in Britain, and they are making the pace hot.

But apart from these two men, and Andrew Broomer, who is well placed with 148, our boys have the top places very much to themselves. Johnny Farrell, Gene Sarazen, Bobby Cruikshank, Johnny Golden, Tommy Armour and Bill Mehlhorn are all within eight strokes of Leo, and there are eight United States players among the first eleven.

GREAT RECORD.
I am glad I still have a chance of playing for the championship, but not I or anyone else would have had a look at that cup if the four rounds that finished today, including the two qualifying rounds, had been counted for the title. In that case, Leo's total would have been 284, a lower score than any ever made in the British championship.

Diegel has done some great things, but I think his play at Muirfield has been that there he beat. He was magnificent, and he got something for the time he has spent here in practice with his irons.

Diegel plays everything well, zoning straight down the middle of the course with all his shots, and never getting a birdie to help him until a

TWO NEW PROPOSALS ADDED TO BOND LIST

**Library Enlargement and
Edgewood Ave. Widening
Also To Be Offered.**

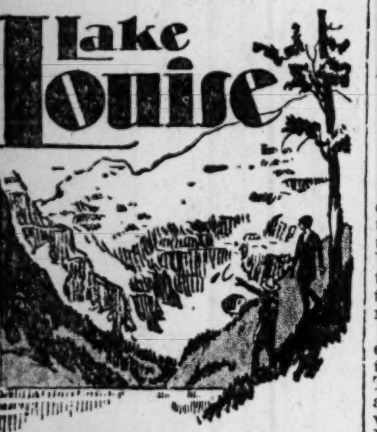

Two new proposals were added to the list which will be offered at 2 o'clock Monday afternoon to members of the finance committee of city council when it begins consideration of allocation of funds for a new bond issue for Atlanta.

Provision for enlargement of the Carnegie library and widening and extension of Edgewood avenue, from Boulevard to its eastern terminus, projected at DeKalb avenue, are the new proposals. The projects would cost approximately \$700,000.

At the same time Councilman Wiley L. Moore, of the seventh ward, chairman of the finance committee of city council, reiterated his former stand that the city can issue \$2,000,000 in new bonds without an increase in taxes.

Councilman Raleigh Drennon, of the ninth ward, a member of the library committee and the streets, advanced the two new improvements, saying that both are vitally necessary. He plans to increase the facilities at the main library and to construct two new branches, one in the western section of Atlanta and the other in the northeastern sector. Edgewood avenue would be widened from Boulevard 10 feet on each side of the street eastward to its present terminus, and the thoroughfare would be extended from the present terminus to some intersection with DeKalb avenue.

Councilman Howard C. McCutcheon, of the second ward, who is author of the paper providing that the finance committee shall prepare a schedule of items to be continued on the bond issue, has favored money for renovation of Grady hospital, new fire and police headquarters, and erection of a new viaduct from Alabama and Forsyth street to the Spring street viaduct, thence to Elliott street.

STORMS TO DAMAGE FRUIT 25 PER CENT

Receipt of Georgia's first crate of peaches grown in 1929 and reports received at the state department of agriculture that recent storm damage will reduce the crop at least 25 per cent, were developments in the peach situation Thursday.

The first crate of the 1929 crop was received by Green & Milam, commission merchants of Atlanta, and was shipped by E. E. Payne, of Reynolds, who has been first in this respect several years. The crate brought \$20 and was sold to C. J. Kamper & Co. of Atlanta. The variety was the "Mayflower" brand, and the peaches were unusually large for this class of fruit. The crate arrived 12 days earlier than the first crate arrived last year. The full early crop will begin to come in for shipment to the markets in about ten days or two weeks. It was stated.

Eugene Talmadge, commissioner of agriculture, returned Thursday after a tour of the fruit belt. He just missed a hail storm which damaged the fruit near Fort Valley. The general damage by storms will reduce peach shipments in Georgia from 17,000 cars last year to 12,000 cars this year in the opinion of the commissioner.

LIST OF ENTRIES FOR ANNUAL BABY SHOW STILL OPEN

Although registration at the Lane drug stores has been closed, entries for the first annual Atlanta baby show, to be given Saturday by the Young Women's auxiliary of St. Philip's cathedral, still may be made at the chapter house at the cathedral, it was announced Thursday.

It will be possible for mothers to enter their children in the show any time today or Saturday, it was stated. The show starts at 11 Hunter street at 11 o'clock Saturday morning and will continue through the afternoon. Each baby will be carefully examined by competent physicians and all entrants will be rated according to the percentage of perfection. The age limits are from six months to six years.

GEORGIA IS WINNER IN DOUBLE DEBATE OVER GEORGIA TECH

Georgia university scored a double victory in a debate over its ancient rival, Georgia Tech, Wednesday night. It was announced Thursday at Tech.

It was the first time in the history of the two institutions that a dual debate has been held, the teams meeting in the Tech Y. M. C. A. and in Athens.

"Resolved, That the public should retain ownership of and develop the principal sources of hydro-electric power in the United States."

Tech represented the affirmative side here and the negative side in Athens. R. J. Brooke and Frank Maier represented Tech, while John Gandler and Joe Oliver represented Georgia. The score was Georgia, 2, and Tech, 1.

In Athens Tech was represented by S. S. Stephenson and C. L. Niehoff, while the Georgia debaters were Ernest Palmer and Frank Constantine. The score was Georgia, 3, Tech, 0.

All of the debaters were from Atlanta with the exception of Stephenson, who is from Chickasha, Okla. and Joe Oliver, who hails from Savannah.

**JUNIOR MUSIC CLUB
ANNUAL CONCERT
DELIGHTS HEARERS**

Miss Lenus Daniell, councillor of the Atlanta Junior Music Club, presented the club chorus, the first and second division orchestras and two junior artist members. Eugene Snow, pianist, and James de la Fuente, violinist, in the annual concert on Wednesday evening in Rich's tea room.

The executive board of the Atlanta Music Club, Mrs. Wilmer L. Moore, president, occupied seats of honor. The chorus, under the direction of Gladstone Pursley, president, did excellent work in their group of songs, "Junior Club Song," "Twelve Grey Dwarfs," "Keep on Hopin'" and "Spring Is Here." The orchestras are under the efficient direction of William Chase. The first division gave an interesting reading of Mrs. Jane Mattingly's "Cello" and Maddy's "School Parade." The second division did an exquisite piece of work in Grieg's "Solveigs Song" and soared on to a splendid climax with Mendelssohn's "Prelude March."

Eugenia Snow gave Mozart's "Concerto in D Major," with Miss Edna Bartholomew at the second piano. Miss Snow plays with a finely defined taste and intelligent interpretation. James de la Fuente played Mendelssohn's "Concerto in E Minor" with Miss Bartholomew at the piano. Mr. de la Fuente played with the sincere abandonment of the routine recitalist. His encore was Wieniawski's "Romance."

COUNCIL CLOSES TODAY WITH VISIT TO TALLULAH

Georgia Club Women Will Inspect School

By Bessie S. Stafford, Georgia Federation Editor and Head of Woman's Department of The Constitution.

Gainesville, Ga., May 9.—(Special.)—Georgia clubwomen will find Tallulah Falls industrial school working on all cylinders on reaching that institution Friday morning after a 40-mile motor trip from the Queen City of the mountains, as Gainesville is known, for a formal inspection of the club plant of 11 units built on the side of Cherokee mountain. This school is owned and maintained by the Georgia Federation of Women's Clubs, holding the thirty-third session here this week, the last of the three-day session culminating in the all-day visit to Tallulah, the only school in the United States owned and supported by a federation.

The pupils being underprivileged mountain children, 365 in number, shut off in the fastness of the Appalachian highlands from the opportunities education affords, are given a chance in life at a school, which besides its academic course, supplies instruction in manual arts, horticulture, handicraft, home care, and the duty of an American citizen towards God, home and native life.

The school will be in session in every department and the new feature on exhibition will be the boys' manual training shop, splendidly equipped by Dr. Albert Sheldon, of Highland Park, Ill., and a group of friends interested in this movement, which promises in its beginning to be a district department of work for boys attending the school.

Interested in School.

Dr. Sheldon is greatly interested in Tallulah, visiting there each spring.

Enrollment Increase.

The greater Tallulah program undertaken in October, 1922, has made great progress and the school celebrates its twentieth anniversary in July. Only 102 students, 30 boarders, and five teachers were there in 1922, while the 1929 record includes 365 students, 116 boarders and 12 teachers. The school opened July 9, 1909, with one small building and 26 pupils.

As a result of the junior program of the Georgia Federation of Women's Clubs convention in August last Wednesday the Georgia branch voted \$150 scholarship to Tallulah school for the coming year, same to apply toward perpetual scholarship, and the telegram sent to Mrs. John K. Ottley was signed by Mrs. H. B. Wey, for 20 years head of the great student aid foundation for girls to be known as the Frances Liggett Wey memorial fund, and the appointment of a committee to decide upon this memorial and solicit funds for same through clubs of Georgia Federation and from friends of education.

The council also ratified other resolutions as presented by Mrs. A. P. Brantley as chairman, important among which was that stressing the need for a plant devoted to training and employment of the blind.

Another clause in the resolution featured the fact that great good could be accomplished in the education of blindness by intelligent collection and dissemination of information bearing upon this subject. Mrs. J. I. Bloom, fifth district chairman, in cooperation with Georgia Association of Workers for Blind; Mrs. Charles Goodman, fifth district chairman of public welfare; Mrs. Kate Green, Hest, fifth district president; Mrs. Waller Hodges, state legislative chairman; Mrs. J. A. McCurry, state welfare chairman, signed this resolution which the council adopted.

The third resolution, presented through the department of American homes, of which Mrs. Ira Farmer is chairman, with Mrs. Joe Myers, chairman of home economics training, and Miss Epie Campbell, rural, consolidated and vocational chairman, received the council's approval through its adoption, the resolution asking that separate clubs be asked to endorse the program of work in home economics education under the Georgia state board for vocational education and urge individual members to make efforts to bring to the attention of members of the general assembly the need for securing a dollar-for-dollar state appropriation to match the entire federal appropriation (Smith-Hughes and George-Reed acts) in order to be able to extend the program to all communities desiring and needing this type of education, and especially to those that are financially unable to secure federal aid because of their inability to match this fund with local money.

The fourth resolution adopted commended the trustees of the Georgia State College of Agriculture and officials of the United States department of agriculture for the development of the present effective and satisfactory functioning plan of organization of women and girls under the home demonstration agents in Georgia. This resolution was presented by Mrs. Ira Farmer, chairman of the American Homes department.

An emergency resolution passed upon and ratified included the formulation of plans to be put into operation whereby, through the combined efforts of the citizenry of Georgia through leading organizations and otherwise, an effort shall be made to secure federal aid for the eradication of malaria in the state.

Memorial services were conducted in the Leslie Southgate Simmons Memorial auditorium of Brenau college today by Mrs. John K. Ottley, assisted by Mrs. Hiram Flannigan, of Winder, and Mrs. W. W. Strake, of Commerce. The introductory, Mrs. Ottley being couched in the following sentence: "Blessed are the dead, which die in the Lord, that they may rest from their labors, and their works do follow them." Frances Liggett Wey (Mrs. Henry B. Wey, of Atlanta) departed this life November 20, 1928. For 20 years as head of the Students Aid foundation, Mrs. Wey dedicated the full sum of her great personality to the task of providing an opportunity for the higher education to 424 ambitious young Georgia women, whose lives of usefulness in professional service owe as much to the inspiration Mrs. Wey's friendship and guidance as to the loan of money through which their professional training was secured. Truly, the young Georgia woman loses a powerful friend and a noble exemplar on November 20, 1928, in the going away to glory of Frances Liggett Wey. May we who worked with her and they whom she served carry on worthily the trust she has left behind her.

"Juno" Woodruff (Mrs. Frank Woodruff, of Atlanta) departed this life in November, 1928. Closely allied to the service for young profes-

sional women in Georgia through students' aid foundation was Mrs. Woodruff. The original committee of seven women was organized at her home in 1908 and during all succeeding years her heart was ever true to this inspired cause. The young professional women of Georgia had no truer friend and earth no lovelier spirit than Jane Scott Woodruff.

Tribute to Mrs. McElroy.

Mrs. Hiram Flannigan, acting president of ninth district, paid tribute to Mrs. James E. McElroy, who passed away in the office of president of the ninth district in the following: "It is with sorrowing hearts that we come to pay a tribute of love to the memory of Mrs. J. E. McElroy, of Norcross, late president of the ninth district, who has recently been called from our midst. Words, however, cannot bring to her one added joy. She has finished her work on earth and received her reward. There is an emptiness of words to express the loss to the district. She has gone, but we believe that our dead are closer to us in influence than while with us. We miss her presence, her encouraging suggestions, her ever-ready helpfulness. As we realize our loss, may it deepen in us our love for the organization she so loved and may it renew our determination to carry on the work to which she gave so freely."

Mrs. David Nachman, of Augusta, reported on the Washington conference held on cause and cure of war, declaring that before the World War nations were busy strengthening and building up their war machinery. Since the war there has been a tremendous influence at work to build up peace machinery and to study international affairs so that all nations may learn to know one another better.

"It is the individual woman, who must broaden her interests, so as to include everything of value in international affairs. Then, these women, through their departments and organizations of peace and international relations will become a national influence for peace and there will be no place for wars among civilized nations," concluded Mrs. Nachman.

Woman Is Subject.

"Woman, a Factor in Civic Beauty," was the subject of Mrs. G. V. Cates' address. She is one of the most outstanding women in Georgia and is chairman of the Glynn County Planning Commission, president of Eleventh District of Georgia Federation, and is from Brunswick.

She told of the organization purpose and plans of Brunswick and Glynn county commission, being chairman of both. No subject presented more interest to the clubwomen expressing their determination to immediately begin plans to organize planning commissions in their communities, because of the wonderful advantages such a commission would bring to any progressive city. She has written several books and is a most distinguished and brilliant speaker. She urged clubwomen to study and learn planning and zoning, so that a bill is presented to the state legislature in June they may see their legislators, make them understand the significance of such a measure and urge its passage. The measure in contemplation would not make special legislation necessary as in the case of Glynn county, but would permit any county in the state, or city, to adopt planning and zoning.

Forestry.

Mrs. M. E. Judd, of Dalton, treasurer of the federation, first vice president of the State Forestry Association, and a landscape artist of international repute, spoke on "Forestry and Gardens," the clubwomen's contribution to the community, which proved illuminating and forceful. She said "Women should be interested in forestry if for no other reason, because the forests hold the land together and make for ultimate beauty of landscape. Georgia must stop wasting trees. Reforestation must be accomplished, even if we have to resort to reseeded by airplane," was emphasized at the council meetings and added to the pleasure of each program the Brenau college trio, Mesdames H. J. Pearce, John Woodcock, and Miss Eliza Holmes rendered several numbers during the luncheon at the Chattahoochee Golf Club, with Mrs. Sandy Beaver as toastmistress.

Mrs. H. P. Brantley, of Blackshear, director for Georgia in general fed-

eration, made her report, as did Mrs. S. V. Sanford, of Athens, first vice president. The body voted to carry back to the individual clubs the plan brought by Mrs. A. P. Brantley, relative to the raising of an endowment fund of \$250 per member to be completed by 1932, one-half to go to general federation two million endowment fund, the other half to be returned to Georgia federation. Miss Epie Campbell, of Athens, of the State College of Agriculture, spoke on "Vocational Education," bringing out the fact that girls are awakening to the advantages offered through home economics through a course of study which endeavors to train home workers and good citizens.

THAT'S MUCH EASIER ON THE CLOTHES, AND HOW SNOWY THE WASH LOOKS!

Rinso is granulated, compact... It's economical!

Rinso is not one of those lightweight soaps. It is granulated and compact. One cupful gives more suds, does more washing, than two cupfuls of the lightweight, puffed-up kind.

And when it comes to washing dirt out of clothes—Rinso is in a class by itself. Without scrubbing or boiling it gets clothes the whitest you ever saw. Safely! In fact, clothes last much longer this gentle, scrubless way.

Be sure to get the BIG handy household package of Rinso in time for next washday. See for yourself why the makers of 36 leading washing machines recommend this famous soap.

You'll like Rinso for dishes, too. Its creamy suds loosen grease in a flash—make china, pots, pans and glassware shine. No grit either. Try it!
